

COMMUNITY COUNCIL MINUTES:

11/10/16

Welcome: Mike Waters- date was switched due to funeral from 11/4/16 to 11/5/16

Review of Meeting Minutes from last meeting:

In Attendance- Mike Waters, Ariana Sears, John Richards, Lenn Ward, Alicia Mitchell, Amy Morgan, Karen Roylance

Not in Attendance: Patty Camp (Sub was John Richards), Jenny Olsen, Karlinda Smith,

- Meeting Agenda topics: SITFO.utah.gov website and sitfo.utah.gov/investments/, Training questions, Amendment B, Review Progress Report 2016-2017, Discuss School Improvement Plan 2017-18
- It was voted that Mrs. Rampton receive her new Chromebook lab-10 and charging cart (that they be ordered) for use this school year. All voting members were in favor.

SITFO:

- School receive currently 2.3%
- Amendment B did pass, capped at 4%
- This will go into effect July of 2017

Review of the School Trust Plan Report Plan:

- 2-3% growth and proficiency in academics (areas, reading, math, science)
- SAGE testing is how we have collected evidence
- Overall growth has been shown and we plan to continue to show growth
- Teachers will be given PLC and Professional Development moving forward
- We will continue to ask ourselves what will we can do to help students
- We will lower class sizes
- Use Assessment to Achievement to strengthen our PLC's with teachers in departments and use data to drive our instruction moving forward.
- Use Student Advocate to work with struggling students and their needs with grades and attendance.
- We would like to help the Student Advocate position become something that is full time if we have more money in the future.
- In the past we have had 5 goals.....we have narrowed our focus to 3 goals in the report. We feel that has been more beneficial for the staff as we focus on the overall needs of the school.
- We have 3 buy-outs this year and we will need 3 buy-outs for next year. Those will most likely be spent in the same core areas for next school year.
- We would still like to put money aside for bussing and for APEX next year.
- We bought new books for Physics this year. Next year we will have that money to spend on another needed area.

- We will buy another Chrome book lab. This will benefit every academic area.
- We will update Chrome book labs as needed- we can also look at labs for each department moving forward as an agenda topic.
- The lab we leased for this school year should arrive before Christmas Break.
- Minuteman Core Class- took the class to the Environmental Center to bond and build self-esteem. Also helped to build some trust. Also took them to complete the Boy Scouts Rope course.
- They have seen great success for these student so far this school year. They have also seen these students reach some of their own goals.
- Shared the classes "F" data and their chart.
- 8th grade buyouts are being looked at. We will have Shawn, Mark, and Monique.
- Also discussed BHS Leaker Leap and the money we needed to set aside to help to fund those students who will need to make up that credit when they leave.
- We will be working to get all 1st term students who are already of track in to APEX to get started.
- John also going into math classes to have students track their current progress to help incentivize that progress and help us to know where each 9th grade students are at.
- SMARTBoards have been a great educating tool in the classroom for the teachers who have them.

Mike Waters- Review of agenda and next meeting topics

- Items to propose for next year's plan
 - o Smartboards and student advocate hours
 - o PLC budget
 - o Chrome Book labs
 - o Next Year's Budget Plan for the school year.
 - o APEX budget/ Laker Leap

Next meeting date is February 8, 2018 at 4:00 pm

Mike Waters- asked if anyone had any question or anything else to share and then meeting was adjourned.
